Please don't beam me down with Kirk, McCoy and Spock  
Cause if you do, I know that you'll be dead by 1 o'clock  
Maybe I'll be vaporized or crushed beneath some granite  
Bones will look at jim and say I'm just a doctor dammit

I'm an extra - on Star Trex  
It's my break - on TV  
The fourth man in the landing crew  
It's the last you'll see of me

They didn't ask me I wanted to go  
And if they did - I would have told them NO  
Just because my shirt is red this doesn't have to be  
Every time they beam down 4 they only beam back 3

I'm an extra.....

So when they need men to beam down, don't be a volunteer  
Just stay up at the helm and help Sulu steer  
The Enterprise is much more fun when Scotty runs the crew  
So you beam down - I'll say aboard and have some tribal stew

I'm an extra.....
