I read the writing on the shit house walls  
The lines are drawn, we must stand or fall  
We the people, polarized  
Can't even think to sympatize

If there's no justice  
There's no peace  
We must unite  
To get aside  
The woe and grief  
A final stride

Must confide  
MAy never come to  
Save our sorry hides

Go read the writings on the wall...Stand or fall

All this talk of race and war  
Leaves speechless on the floor  
The futures written in the past  
Etched in the memories of cynicism's laugh
