Hey, man, nice shot
You've done the perfect thing to make your mind rot
You broke in for more
Stole her inner core
Threw her faithful heart right out the door
Made her cry the tears
The tears that used to cover her fears
And you stuck it in her face
Thinkin' that you brought your payback
But you ended up givin' yourself a taste
You regret what you've done
Which you should
Because your madness ruined all the fun
And now as the things you regret haunt you in your
mind
Remember to be caring, remember to be kind
