Leave me alone  
Stop calling me at home  
Where did you get my number anyway?

Don't write me e-mails  
Don't knock on my door  
Don't you remember you didn't love me no more?

*[Chorus]*

Now it's over  
It's nothing called you and me  
It's over  
Oh why can't you see?  
What I'm trying to say is  
Get out of my way  
Yeah, it's over  
It's nothing called you and me  
It's over  
Oh why can't you see?

What I'm trying to say is  
Get out of my way!

I'm not your girl  
Not even your friend  
What makes you think I wanna try again

Don't buy me roses  
Don't even try  
And remember, big boys they don't cry

*[Chorus]*

I'm tired of hearing my friends say  
That you still care  
That you wanna come back into my life  
Well, I just want you out of there

*[Chorus]*
