Hey, boll weevil,  
Don't sing them blues no more,  
Hey, hey, boll weevil,  
Don't sing them blues no more,  
Boll weevil's here, boll weevil's everywhere you go.

I'm a lone boll weevil,  
Been out a good long time,  
I'm a lone boll weevil,  
Been out a good long time,  
I'm gonna sing this tune to ease a boll weevil's  
lonesome mind.

I don't want no man  
To put no sugar in my tea,  
I don't want no man,  
To put no sugar in my tea,  
Some of them are so evil, I'm 'fraid they might poison  
me.

I went downtown,  
I bought me a hat,  
I brought it back home,  
I laid it on the shelf,  
Looked at my bed,  
I'm gettin' tired of sleeping by myself.
