Just when you thought I was gone
From afar I'm back like a shooting star,
Couldn't see right from the wrong
So I run... and still the darkness calls

Shine It on... Shine a light on me,
Shine it on... electricity... turn it on
Like you're laser beam...
Shine It on... you're burying up my dreams
Shine It on...
Come on and just shine it on!

I was a shadow of you... innocent
Fading just like a dawn
Give it all that I had...
It was hell, untill my darkness fell!

Shine It on... Shine a light on me,
Shine it on... electricity... turn it on
Like you're laser beam...
Shine It on... you're burying up my dreams

Shine it on...
Come on and just shine it on

Do what you feel
Turn back time
Cause you know your journey
You shouldn't defend, just hit and run and you gone
You blew them all away!

Shine It on... Shine a light on me,
Shine it on... electricity... turn it on
Like you're laser beam...
Shine It on... you're burying up my heart

Shine it on... come on and just shine it on

Shine It on... Shine a light on me,
Shine it on... electricity... turn it on
Like you're laser beam...
Shine It on... you're burying up my heart

Shine it on... come on and just shine it on!
