All eyes on me, I don't need no intro,
When I step up in the house they already know.
It's your boy Bullet Flo', keep pushin the tempo,
Getting high every night, makin' hoes get low.

But this playa chap aint no playa no more,
Feels like I'm lost in the different world.
Aint havin much fun maybe I'm getting old,
There aint no doubt I'm into you girl.

I know, I'm the 1 who u like to call,
Always when you're feelin like ure about to fall.
Even Ima cancel all my schedule,
Then rush coz I gotta hold u baby girrrlll.
Come here right under my arms where ure secure,
Where u don't need to retend or act mature.
Where u can letcho happiness insured,
And then later on u can hope for more...

Saara khusi haru sameti timro jiwana maa sajai dinchu
