First of all, shout to Chiddy Bang yo.  
But it's Webby and I still be Off The Chain.  
So I'll get your girl and do what you seeing on Bang Bros.  
Stacking You Tube, hits like a double rainbow  
So fresh, got a Old Spice old feel  
Tryna stay on course like a roadskill  
They wanna know how I be killin' it with no deal  
And got the game mapped out, Michael Scofield.  
No prison break, get up here and renovate  
Every venue that I'm hittin' up in every state  
Twist a zig-zag then I levitate  
Webby been bad, professor Snake  
I'm like Manny Pacquiao times four  
Hypen up the crowd when I'm out on tour  
I need a dollar like I told you before  
So I could cop an Arnold Palmer when I'm hittin' the store  
Encore, I used to pop pills, always puffin' bud  
I think I'm still rollin', Team Pup N' Suds  
Now I'm going big time and I'm lovin' this  
When I step in, dudes better cuff your chicks  
I don't speak game, I say a couple words  
Next thing you know we're both under the confident  
In the comfort of my hotel suite  
Having sloppy drunk sex and forgettin' by next week  
I'm a beazel, reppin' Connecticut like a husky  
CT swag, everybody here loves me  
Got a stainless steel flow, never spit it rusty, (nah)  
Running shit like Nucky, trust me  
Name buzzin' all over the fuckin' country  
Shout to my ninjas and everybody who bumps me  
So just feed me beats, I got the munchies  
Nothing better than an instrumental when I'm hungry  
The illest thing that ever hit pro tools, I'm 1-51  
They just O'Doules, live by no rules  
No one's stoppin' me, they say Webby rocks  
Geology, even haters gotta bump my shit  
So what, thanks for the You Tube hits you dumb bitch  
Put me in the mix, I'm a be the last spittin'  
I'm a tiger, y'all domesticated cat, kitten

You'll get smacked kitten, left there with your cash  
missin'  
It's a fact, listen, I'll be on a track rippin'  
Haters crack jokes, I just laugh with 'em  
And get loud, like Waka Flocka ad-libing  
Spit venom out, every time I rap rhythms  
Webby's the deadliest catch, I'm goin' crab fishin'  
Teachin' hip-hop 101, so take notes  
Bring it back, mo'fucker I'm done

Yeah, Webby, murdering shit  
It's what I do, you now  
Let's go!
