[Intro]

You're fulfilling your destiny Anakin
Become my apprentice, learn to use the dark side of
the force
I will do whatever you ask
Good

[Verse 1: Chris Webby]

You've now been welcomed to the evil side, better start
small
When the dark calls, better play it how the cards fall
This is hard ball, spit so cold your car stalls
Webby got that dark side sh*t, Darth Maul
Sith lord, super Shredder with a big sword
Jaws in the flesh, you're a kid up on a kick board
Nighty night for you the second that they let the shark
loose
Little footed punks ain't ever f*cking with a sharp tooth
Webby gonna take 'em to the dark side
Ain't nobody messing when the bars fly
Every single one of us going to hell
So why not make sure we all fry?
This my spot and I call 5â€²s
Gotta chick next to me hog tied
Every single b*tch in the vicinity better duck for cover
The f*cking second that the dog bite
Ain't nobody crazier than Chris
I'ma f*ck the game raw and have a baby in this b*tch
So just follow to the dark side
GPS, type it in
And you will never end up goin' home again

[Hook]

Take a walk into the dark side
I don't know just where I'm going, but so far it's been a
hell of a ride
Welcome to the dark side
There's some devil in all of us, all you gotta do is just
let it inside
Welcome to the dark side, dark side
Baby oh, dark side, dark side

Let it go, dark side, dark side
Cause you know, it just follows me wherever I go

[Verse 2: Emilio Rojas]

It's 2012, and I'm boning everything raw, I'm f*cking
the world in it

I'm running an AIDS clinic on a mission to get a new
girlfriend

And I'm in that waiting room I got em edible
arrangements

Cuz nothin' says let's f*ck with no rubber like fruit
bouquets b*tch

No WWJD (nah) everyone of my brothers are crazy
(nah)

It wasn't my mother who raised me (nah)

I come from the gutter that made me, huh?

From the Roc where the blocks is bad

And kids go to school through Zombie Land

Even though them all live in Crombie Land

And nah they don't get drunk they hit Molly man

Meth heads on they death beds

Chicken heads livin' for their nest eggs

Her mother was strugglin' with addiction

So she been into drugs since she breast fed

So depressant and they ain't no exception

No cold edge, just co-defendants

Vacant buildings and they're full of tenants,

With vacant stares who got no expression

Take you there if you want, I got demons boy they do
haunt

Seein' people havin' that tone, now that's the reason
that we all flaunt

I was born with nothin' I'ma die for somethin'

Otherwise I done been alive for nothin'

I earned it all they provided nothin',

Even if I have to join the dark side and touch it

[Hook]

Take a walk into the dark side

I don't know just where I'm going, but so far it's been a
hell of a ride

Welcome to the dark side

There's some devil in all of us, all you gotta do is just
let it inside

Welcome to the dark side, dark side

Baby oh, dark side, dark side

Let it go, dark side, dark side

Cause you know, it just follows me wherever I go

[Outro]

Your arrogance blinds you, Master Yoda

Now you will experience the full power of the dark side
