Yeah, Webby, it's that shit you just roll to  
You know what I'm sayin'?  
Hop in the whip... and roll.

Cause you know I got my whole life ahead of me  
And I ain't lookin' back  
Still a kid at heart aint nobody changin' that  
Got my mind on my money but I still don't have a stack.  
But I roll, I roll  
Can't wait to be the king, yo Simba where you at?  
One day I'ma make it, so I'll wait until it's that  
And when I get my turn I swear to God that it's a wrap  
And I roll I roll

Still like a kid but I'm newly 22 though  
They know me as the chew from CT to Pluto  
Walk around town everybody givin' kudos.  
Michael Cera didn't hit it I'm the one who banged Juno.  
I live life mucho, bueno, smash coolo  
Shows every week since I linked up with New York,  
Now I'm on that new flow doin' what I do bro  
Buzz gettin bigger than an uncut jew frow.  
Who knows, I would achieve on this level  
And prove my teachers wrong cause they said I was a  
rebel,  
Who never would amount to nothing doin' what I want  
Always showin' up to class smellin' like a fresh blunt.  
But I always had it in me I just needed to apply myself  
And rap's all I've ever loved besides myself.  
Ha, maybe I'm a little cocky dude but if you spit this  
tight  
Then you'd be cocky too.

Cause you know I got my whole life ahead of me  
And I ain't lookin' back  
Still a kid at heart aint nobody changin' that  
Got my mind on my money but I still don't have a stack.  
But I roll, I roll  
Can't wait to be the king, yo Simba where you at?  
One day I'ma make it, so I'll wait until it's that  
And when I get my turn I swear to God that it's a wrap  
And I roll I roll

I roll, roll like a Michelin, everyday I get it in  
Pop another Ridalin, listen in,  
I was a goofball never the sober guy,  
Gettin' high rollin' up, J's playin Golden Eye,  
Star fox in a ship facing Andross,  
Zelda, Gannondorf in a standoff,

Battlin' with Bowser fireball flower  
Sittin' in front of my TV for hours,  
And though you grow up you still hang on to the past  
Being young was a blast and you clean up your act  
And try to make somethin' of it, don't listen to the  
haters  
And if you got a passion, then you follow it if you love it  
That's what I did and shit I'm alright  
Still livin with my parents but I'm livin' the life  
I'll be wakin' up late and I'll party all night  
Cause I'm doin' what I love and the future looks bright

Cause you know I got my whole life ahead of me  
And I ain't lookin' back  
Still a kid at heart aint nobody changin' that  
Got my mind on my money but I still don't have a stack.  
But I roll, I roll  
Can't wait to be the king, yo Simba where you at?  
One day I'ma make it, so I'll wait until it's that  
And when I get my turn I swear to God that it's a wrap  
And I roll I roll

You can find me eatin' bacon grilled cheese with my  
grape juice,  
Donkey Kong in the flesh like that ape loose,  
Yeah that's f\*ckin' right, I could snuff a mic  
Since I rode my dirty black and white rusted huffy bike,  
Soon enough I'm in a two door drop  
With a stack of money greener than a newport box.  
So I dare you to go and find a dude more hot  
Buzzin' CT so big I made New York watch  
Now everybody be recitin' all my raspy quotes  
Of the skinny white boy with a scratchy throat  
Now my mix-tapes, everybody has it,  
Cuz in your iTunes got more Web than your attic does  
Get it? Just nod if you follow me,  
You don't gotta like it, but if not just acknowledge me  
I got an army of ninjas across the US  
And I'm just doin' what I do best

Cause you know I got my whole life ahead of me  
And I ain't lookin' back  
Still a kid at heart aint nobody changin' that

Got my mind on my money but I still don't have a stack.  
But I roll, I roll  
Can't wait to be the king, yo Simba where you at?  
One day I'ma make it, so I'll wait until it's that  
And when I get my turn I swear to God that it's a wrap  
And I roll I roll
