[Verse 1]

What, what, what you gonna do?  
Like leeches sucking on your money for blood  
To have power, buy all your people's love  
Don't give a damn how you get it, as long as you get it  
Never spit it, I ain't with it, whatever way you did it  
Step off! Cause I ain't got no time for your kind  
Leave me the fuck alone, I'm heading in a new state of  
mind  
and I'm sick of playing all your games  
You staining my brain and things will never be the  
same!

Primal

[Verse 2]

You can't hide long with all of your lies  
and when the truth comes out, to stand the test of time  
and you can wear your mask and you can hide your  
face  
You can destroy your past and you can leave no trace  
So you can change, trying to rearrange, fuck staying  
the same  
Cause your brain's what I blame for me going insane  
Now let it out and try to survive and keep it real  
Then reveal what you feel with your primal side

[Chorus]

Don't make hate you for your lies (Don't make me hate  
you  
I can't relate to, guess I mistaked you, Now I'm gonna  
hate you)  
I came to grips and realized (I realized, now I realized  
I realized I can see it in your eyes)I can't control my  
primal side  
(I can't control it, I can't control it  
I can't control it, No, I can't control it!)

[Verse 3]

Illusions, tattoos, they won't go away  
A constant earthquake or continuous play

It's all in my mind, I feel so corrupted  
Now it's time to unwind so I say fuck it!  
For ADD they're pumping Ritalin in me  
To help me fit in their society  
But I won't change, I won't bend, I won't break  
So take that shit and get the fuck out of my face  
Now!!

[Chorus repeat]

You can wear your mask, you can hide your face  
You can destroy your past, you can leave no trace

[Chorus repeat]
