[Chorus: Mac Dre] Ford, Chev, whatever ya got  
Don't mean shit, shit ain't hot  
Lincoln, Caddy, whatever ya got  
Push it man, don't be scared to squat

[Dre Dog] Quick fast in a hurry  
Squat bounce drop dirty  
Cocaine white tiger white walls  
Hit the freeway hard at night y'all  
With the keys right there I'm ready to drive  
Like a eagle at 12 I'm ready to fly  
Pager going off, the cell phones ringin'  
Al Green's playin' and I keep singin'  
Jeans creased up with the beat up  
Now I'm about to go pick this little freak up  
Blow L's, make mail, ponytails  
Had to compliment her on her fresh done nails  
Varoom, motherfucker boom boom  
A whole block of green lights, freak zoom zoom  
Mario Andretti with Blowjob Betty  
Pedal to the metal when your ridin' with the devil  
Did just that at In-n-Out Burger  
No pickles, no onions, no playin'  
Check this out no delayin'  
Did a donut right is what I'm sayin' SHIT  
Police came, I was on the streets

Smokin' more weed, bumpin' more beats  
Puttin' more words in the ear of this freak  
Cadillac girl, somethin' I'ma keep, Seville?

[Chorus]  
[Mac Dre] Cam, lifters, MSD shifters  
Three fifty one make the old school swifter  
Rap in the trunk, slap in the trunk  
Fat four-four in my lap for the funk  
Talkin' to a beazy on the phone but can't hear her  
Turned down the bump, so I can hear clearer  
I hear sirens get nearer  
Red and blue lights in my rear view mirror  
Pull over, nope nope

With a car full of smoke and trunk full of dope  
I hit the gasser, go faster  
All you hear is dual exhaust, flowmaster  
On a chase, I take 'em, then I shake 'em  
A real Cutthroat nigga ain't no fakin'  
I shoot, ain't scared to scoot  
And shake them one time on a hot pursuit

[Chorus]
