Bitch, life's a bitch  
Life's a bitch and then you die  
Life's a bitch and then you die  
Life's a bitch and then you die  
Life's a bitch and then you die

It's not often young niggas get a chance  
To enjoy riches in legitimate fashion  
So many of us say fuck it get a bucket  
And run up in something and keep smashing

It's all about survival but jealous rivals  
Make it hard for us to do this  
So everybody got a gun but when we was younger  
Our only weapon was our two fists

Now who missed the first lesson in life don't be no punk  
If you a man have heart be a savage whether you sober  
or drunk  
I seen niggas in the pen getting  
Their ass dug out over some hop or a pack of Camels

But that's the game home boy and every move you  
make is a gamble  
Them squares don't understand so it takes niggas like  
me to explain  
I show vengeance violence and hatred  
Because underneath it's so much pain  
I ain't no sissy or punk so don't trip when you see me  
cryin'

A nigga just hella mad his partners is dead and his  
folks keep on dying  
My enemies feel the same way they want me dead  
They think I'm the nigga that put they partner 6 feet  
under  
And left his son with no father figure

I live day by day not giving a fuck  
And when they ask me why  
I pause for a minute then I reply  
Because life's a bitch and then you die

Bitch, life's a bitch  
Life's a bitch and then you die  
Life's a bitch and then you die  
Life's a bitch and then you die  
Life's a bitch and then you die

Life's a bitch then you die  
Nigga don't want a whole slice just let me taste the pie  
They sent me to the pen for five years  
For a crime that was never committed

I ain't no bank robber but that five years  
Had me thinking maybe I should have did it  
Do my thoughts deceive me? What a mutherfucker  
supposed to think  
Locked down, trapped looking at four walls a toilet bowl  
and a sink

Ain't that a bitch I've been struggling ever since I could  
remember  
But I stay strong year round from January all the way to  
December  
See I am a hustler I need cash bad as a fat bitch need  
jogging  
So I specialize in three things and that's pimping,  
hogging and dogging

Half these suckers walking around here fake as three  
dollar bills  
If you with that bullshit don't come around me  
I do this for reals not for thrills  
I got to watch my back for them suckers that's out to do  
harm

Got a tattoo of a list full a partners  
That's dead that run all the way down my arm  
So If you see me mugging tripping and bugging  
Don't stop and ask me why  
A nigga just hella mad because life's a bitch and then  
you die

Bitch, life's a bitch  
Life's a bitch and then you die  
Life's a bitch and then you die  
Life's a bitch and then you die  
Life's a bitch and then you die

I got a crew full of the realest that's deep as the  
Pittsburgh Steelers  
Retired bank robbers, ex-dope dealers and adversary

killers

Our mission is simple get rich and stay real nigga  
So our kids can live fat, better then we did when we  
was little niggas

Life is short you only live once and ain't no telling when  
your leaving

So I'm going to do it all have a ball while I'm still living  
and breathing

See I am a philosopher and my philosophy is this  
Don't be no punk young homey, if it's worth it take that  
risk

Anything's possible but nothings for sure  
Got to take advantage of all opportunities and get your  
money you know

Love those who love you but don't never let it fuck up  
your vision

How much love did your loved ones have  
When you was broke or doing time in prison

Stay on your toes don't fuck with hoes before you read  
them

Watch your back for them rats that set niggas up to  
keep they freedom

It takes 365 days for the earth to spin one time  
But it only takes one minute  
For that guilty verdict when that snitch drops that dime

A damn shame I thought rat heads get nothing but  
cheddar

But I got partners doing all day with 35 next to that  
letter

So I'm in trouble unless I bubble so I struggle to keep  
my peace

Staying money motivated with thoughts of Mike  
Robinson and D.J. Cee

Bitch, life's a bitch

Life's a bitch and then you die

Life's a bitch and then you die

Life's a bitch and then you die

Life's a bitch and then you die
