hello everybody(hi)
id like to introduce you to the thizzle dance(thizzle
dance?)
thizzle dance i said
can ya do the thizzle dance

first i do it like this
i put a look on my face like i smell some piss
bounce to the beat till it starts to hurt
then i dust all the smirk off me shirt
dip to the ground as i catch the bass
then i wipe all the sweat off me face
pop back up then i start to slide
popping my collar, as i glide
then i break the thang down and do the bird
dust my self off like i just stole third
come on everybody, now's the chance
fuck the harlem shake, it's the thizzle dance

dance,thizz dance
thizz dance
thizz dance
thizz dance
can ya do the thizzle dance?
thizz dance
thizz dance
thizz dance
can ya do the thizzle dance

first of all,
i hope u got u a juice
a thizzle because its time to pop u a few
then u gas,break start to dip
bounce wit the core as it starts to shift
open up the door there goes the whole damn car load
hop out and follow,while you let the car roll
ghost ride the whip while u ride the strip
heres your chance to do your dance on the side of it
while u at it, the passenger and driver switch
then hurry up and jump back inside this shit
hangin out the rooftop,
do not get oo-op by them foo cops

that tryin to have u got
other than that u and your boys cloon big
u wanna learn boom,stay tune to thizz
hoochie mama freaks,get yo man
and show them niggas how to do the thizzle dance
