I'm sorry,
But I can't feel sorry for you,
You make the bed that you sleep in.

And tonight that bed will be lonely,
Just a memory of me,
You know I won't be longing for you.

'Cause you mad it clear by action,
Convinced me with words,
That you and I could never be!

But You'll Never Know someone who loved you more
than me

It took too long,
To sort through the lies,
The truth was always plain to see.

Maybe I tried to hide it,
Or turn a blind Eye,
Convince myself that you might choose me.

And although at first the pain,
Was too hard to explain,
I'm sure you know and already feel,

That You'll Never Know someone whose love could be
more real

I can't believe your nerve,
Abusing those words,
You don't "love me" baby,
And don't even call me 'friend'
'Cause that ship has sailed,
You don't know me honey

And although at first the pain,
Was too hard to explain,
I'm sure you know and already feel!

Chorus (out)
