No explanation for the moving of the mountain
We only know it's gone from where it used to be
Some things seems there ain't no way around of
But you don't always need to see

Chorus:

When you believe no goal is too high
No dream you can't achieve
No water to wine
Trust in your heart
And go where it leads
You already have everything you'll ever need
When you believe

There's no accounting for the parting of the water
We only know they wound up on the other side
Some goals seem they can't get any harder
Still you won't be denied

Chorus

Somewhere
Someday

When you believe no goal is too high
No dream you can't achieve
No freedom denied
Trust in your heart
And go where it leads
You already have everything you'll ever need
When you believe

No explanation for the moving of the mountain
