Yeah

let me crack open my high life real quick  
product placement

lets take it to the top now  
to the top now baby  
I'mma take my time  
through rain sleet snow  
I'mma keep gettin' dough  
you can find me on my grind  
so put ur muthafuckin' hands in the sky  
and if you sittin' down please stand  
cuz I'm on the rise and I reside  
in this castle made of sand

let me getta hand clap  
I'mma make an entrance  
givin' y'all the lecture  
then I'm taking questions  
my soul is sour making sentence make a weapon  
swimmin' in the deep end  
you bitches takin' lessons  
then I hear u hatin' on the boy  
well I aint affended  
cuz I'm the captain of the team and u play the benches  
still breaking it down to rollin' it up  
put an a d in the blunt  
and I'm smokin' a dutch  
but ta kos but I stay with a few  
but they replace like the lace in my shoe  
so tell me what a player to do  
when being real do appeal to th player in you  
ive seen some whack cats fast track to the fame  
to me it sounds like some clowns rapin' the same  
and we, we all living for the same thing  
just to take it to the top  
and remain king

lets take it to the top now  
to the top now baby  
I'mma take my time  
through rain sleet snow

I'mma keep gettin' dough  
you can find me on my grind  
so put ur muthafuckin' hands in the sky  
and if you sittin' down please stand

cuz I'm on the rise and I reside  
in this castle made of sand

you can't name a single youngin'  
with a flow like mine  
got bars like soap  
and I glow like shine  
if you think I'm whack you might change your mind  
cuz I got them punchlines that stain like whine  
let me take my time  
collect my thoughts  
keep it fresh like shoes when they kept in the box  
connect all the dots  
I'm fresh so clean  
stay pinchin' my self  
cuz I'm living in a dream  
believe I aint ever gonna stop  
find a new spot to set up my shop  
when I drop, yourwifey gonna cop dat  
haters gettin' shaken out they jockstraps  
some say I'm bring hip-hop back  
while others say that I'm all up on that pop-rap  
team captain control the game  
goin' hard till every single person knows my name

lets take it to the top now  
to the top now baby  
I'mma take my time  
through rain sleet snow  
I'mma keep gettin' dough  
you can find me on my grind  
so put ur muthafuckin' hands in the sky  
and if you sittin' down please stand  
cuz I'm on the rise and I reside  
in this castle made of sand
