[Intro]  
Clarity.  
Clarity.  
Clarity.

[Verse 1: Mac Miller]

Figure all this out, I ain't gonna take a charity  
Marry me, wish everyone could shake and play the  
tambourine  
Perfect, I know I love you I ain't tryna let those  
words slip  
Pure bliss, I know that we would stay together, we in  
cursive.  
Infatuation, when every single move you make is  
fascinatin'  
Gravitatin', towards anything that gives a sense of  
happiness  
Activist, vove activeness  
Sendin' my love for girls who got some cuts at their  
wrists  
Hope you found what you lookin' for, I hope you  
found what you lookin' for

[Hook]

You take away the pain and I thank you for that  
If I ever get the chance, bet I'm paying you back  
Ima be waitin' for that (x2)

[Verse 2: Mac Miller]

Misery, you represent love, you the epitome  
So wish for me, I'll come out of nowhere, your  
epiphany  
Disconnect, from everybody who don't understand  
my vision yet  
In a jet, is where my mind is so I light another cigarette  
To calm me down, so calm me down  
Everybody who can see me now is not around, choppa  
down  
Busy today, but can you tell me how tomorrow sounds?  
In between, purgatory ain't as bad as it would seem  
to be  
Live a dream, that's so cliché but I can't tell you

what it means to me

[Hook]

You take away the pain and I thank you for that  
If I ever get the chance, bet I'm paying you back  
Ima be waitin' for that (x2)
