Uh...All Day.. Better hide your girl for this one..

[chorus]

It's all right, It's okay, Seein' you all night & all day
We be crushin' round the clock, crushin' crushin' round
the clock
We be crushin' round the clock, crushin' crushin' round
the clock
It's all right, It's okay, Seein' you all night & all day.
HEY!
We be crushin' round the clock, crushin' crushin' round
the clock
We be crushin' round the clock, crushin' crushin' round
the clock

She got a little bit of beauty, little bit of class,
Little bit of lips, Little bit of ass
little bit of style, dressed to kill, little bit of freak, with a
sex appeal
um, i'm so down for whatever baby, always dressed
fresh and wavy,
wanna make love, ah yea, thats gravy. late night sex
get extra crazy
ain't gonna leave em stayin, sick of all the games you
playin'
eye gazin', sex amazin, got you squintin, eyes look
asian
i know i'm just a kid, ever tell me what this is
i see you shake, i see you moan, everytime i touch ya
lips
you grab my hand, run your fingers through my hair
everywhere we go theres sendin sex all through the air
ya, i know you think i'm playin right?
how bout you take just take a chance, stay the night
you my baby right? love it when i call you that
but i follow cash, imma have to call you back
just know that, you be in my mind
i say the same thing every single time.

[chorus]

We be crushin' round the clock, crushin' crushin' round
the clock

We be crushin' round the clock, crushin' crushin' round
the clock
It's all right, It's okay, Seein' you all night & all day.

HEY!

We be crushin' round the clock, crushin' crushin' round
the clock
We be crushin' round the clock, crushin' crushin' round
the clock

ya, i'm amazed, actin like there aint no time to waste
she a freak, lemme get her right behind the stage
my true shorty though, i've had all sorts of hoes,
take my time when i'm with her, drink my 40s slow
and give us a second, you'll find us on the bed
wild sex, with her legs behind her head.
turn her over on her stomach, get her from the back
she always leave a scratch, but i like that
she the type that, you wanna wife that
and she like me, cause all i do is pipe that
buzzin' like a bumble bee, thats chillin by the hive
love her with no limits, cause my ceiling in the sky
feelin up ya thighs,tongue ticklein ya twine
when i get it from behind, ya say its twistin up your
spine
baby, i'm one of a kind, that finds that spot that have
ya climax
i'm that boy

[chorus]

We be crushin' round the clock, crushin' crushin' round
the clock
We be crushin' round the clock, crushin' crushin' round
the clock
It's all right, It's okay, Seein' you all night & all day.
HEY!
We be crushin' round the clock, crushin' crushin' round
the clock
We be crushin' round the clock, crushin' crushin' round
the clock
