[Verse 1: Mac Miller]

I have a vision to add to give to subtractin' limits  
If everything was gone tomorrow, who would miss it?  
And if I pack my bags and moved away, who would  
visit?  
If you knew it, you should say who would listen  
Yeah I'm talkin' bout a new religion  
Somethin' to feed off, we searchin' for it like groups of  
pigeons  
Kinda futuristic, yeah it's cool, we different  
Cause what I do's terrific, I'm just hopin' you could feel  
it  
Yeah, so tell me if you can, are you numb enough? can  
you listen in?  
I will lose it to show 'em I'll get rich again  
But matter fact, fuck that, cause I don't give a damn  
You see it's simple when it's only cigarillos  
In the world, and the world dont want shit from you,  
don't expect it from a little man  
Fuck empty, my glass is filled, countin' roses, daises  
and daffodils  
Chill

[Hook]

Get ya money, fuck 'em all  
Everything, could be gone tomorrow  
What's if it's gone tomorrow?  
Get ya money, fuck 'em all  
Get ya money, fuck 'em all  
Everything, could be gone tomorrow  
Everything, could be gone tomorrow  
So get ya money, fuck 'em all

[Verse 2: Mac Miller]

I say my prayers, but I don't know who they too  
Layin' on my back, lookin' through the roof  
Just tell me, am I gettin' through to you?  
Stick it to it, Super glue it, make it beautiful  
Fuck, what am I missin'? speak to your soul so, shut up  
and listen  
Gimme a reason to pop, gettin' me goin', ain't lettin'  
me stop  
Head to the top, it's better they not, call me a phony, so  
sendin' me shots

I, gotta girl, we in love, she my money, she my drugs  
This my pain, this my pleasure, last forever, keep me  
up  
Late at night, tell me it's alright, I believe her  
I don't question she who knows me best, I know you  
wouldn't either  
Somethin' happen when I see her, it's right out of a  
fairy tale  
Got some shit you going through it's something that  
she handle well  
Life a bitch but she my bitch, gold rollie and it's  
timeless
