[Verse 1: Mac Miller]

Better act right cause I smack dykes
Give em blow and a bit of that bagpipe
Bitch wanna live that rap life
But I already hit that last night
Think you're fucking with me huh?
Must be hitting that crack-pipe
I be making my money
Thank God I learned how to act right
My cash like that cocaine
Give me more, say give me more
Don't worry about it, ain't no thing
Big titty hoes in my videos
Classy bitch, don't kiss and tell
Smack her ass and then wish her well
Life sucks, better give em hell
Get money, fuck girls, free Biggavel
A million in my briefcase
Gotta shop for some real estate
Up at the party with drugs though
Turn it up, bitch feel the bass
Throwing money, in your face
Feeling good, living great
Bad bitches in dip states
It's like I think I'm Vincent Chase
With pornstars, sports cars
And my crib got a courtyard?
How we get all this money though?
You know how big his tours are?
Greedy bitch, you a needy bitch
Want some money, but need some dick
I'm about monogram
When I die bitch she fuck my hologram though
When I die bitch she fuck my hologram though
When I die bitch she fuck my hologram
When I die bitch she fuck my hologram
My hologram

[Hook]

We in my black Benz, windows up
Getting head, smoking blunts

Everybody know what's up
And I turn them girls to sluts
Crib's like a mob boss
My bitch get my car washed
We don't stop, my dick out, her jaw drop

Cos all we do is fuck f-f-fuck-fuck
All she wanna do is fuck f-f-fuck-fuck
All she- all she wanna do is fuck f-f-fuck-fuck
All she wanna do is fuck f-f-fuck-fuck
Fuck

[Verse 2: Mac Miller]

Don't I look like a drug dealer?
Don't I look like I'm somebody
Killing beats with that Murder Inc.
Don't I look like I'm Irv Gotti
Riding through with my hippy van
You broke bitches don't give a damn
You softer than the Michelin man
Your bitch put her pussy on Instagram
Better go hard when my flow start
Your pockets is on low carbs
She do a show, she a pornstar
In the penthouse, with the pants down
With the camera out, no hands now
Those hard drugs, we don't ran out
Can't believe that's someone's grand child
She's so bad but I like it (like it)
Wanna hear your pussy I'll mic it
My credit card bill is righteous but
Girl that ass is so priceless
Spend the night with
The right bitch
My dick ill, my pipe sick
Small pussy, tight fit
She loves to sniff that white shit
Fuck free, no charge
I play with that pussy like mozart
Eat that pussy, I won't starve
Love the pussy with my whole heart
Bitch named layla my clapton ho
Gimme head put the benz in captain mode
And my belt monogram
When I die bitch she fuck my hologram though
When I die bitch she fuck my hologram though
When I die bitch she fuck my hologram
