I started planning my days all around you,  
I was waiting around for your call.  
And I, I heard all the rumors about you, babe  
Those things don't bother me at all.

I bet you you'll look pretty good in a wedding gown,  
You'll probably look better with nothing at all.  
I feel like you know what you're doing, you do it so well,  
Don't usually do this, I'm fooling myself,

I hope you don't mind if I fall  
In love,  
In love with you.  
I'm in love with you, girl, with you.  
Said I hope you don't mind if I fall.

Soon as I kissed you I know you were right for me,  
Soon as you woke up in my arms I was yours.  
Wanna make love to you slow while it's raining, girl.  
Make love to you while it pours.

Girl, when I'm with you like your way,  
I just kiss you all over your face,  
Hold you like the world gonna end, girl, I'll do whatever  
it takes  
To be with you till I die, I want it all.

You're always on my mind,  
Couldn't stop thinking about you if I try,  
Just be my baby, let me a lady tonight.

I hope you don't mind if I fall  
In love,  
In love with you.  
I'm in love with you, girl, with you.  
Said I hope you don't mind if I fall.
