(verse 1)

Ay lace em up, Lace em up, Lace em up, Lace em
Blue suede shoes stay crispy like bacon
Nikes on my feet make my cypher complete
Uh I stay shining like the lights on the street
And the night Revis take me shoppin when im up in New
York
Hit the shoe store gone cop a few more
You at the mall getting dinner at the food court
I'm at LA eatin 22 course
Young boss bitch paper in my pockets
I got a closet filled with shoe boxes
Mom says my spending habit a little bit obnoxious
But a pilot stay fresh up in his cockpit
Used to rock hammy downs
Now I buy some clothes wear em out hit the club
bitches pull their cameras out
Livin in a dream they beginning to believe
My hotel smell like cigarettes and weed
Shit, with what im spitting they should give me a
degree
Good liquor what I'm sipping isn't cheap uh
Feeling a blow don't snooze don't sleep
All I really need is some shoes on my feet
