[Mac Miller]

Back in the day I was mac with a packet of haze,
rapping elaborate ways
bitch get smacked in the face, more ass, get smashed,
more hash, more cash in the bank,
gazella or Ashley, pussy juice dri dri dri drip on my
kakis I kiss it with a raggies. Piss in a baggie and then
I'll sell it as gold, go to your kingdom and ill melt
down your throne im stuck on this dope yeah up from
the goat greatest of all time watch this bitch get fucked in
the throat, choke, most dope marvelous arduous
I'm the hardest with arsenals of these artists
I'm startin a revolution shit bitch got a booty think
coochie loose tuna fish groupies want a movie kiss till
they just get there uterus torn to shreds make a billion
before I'm dead orderes getting served to me
while I'm in bed morning wood morning head yes
pretty simple breaking up my weed on the candle, bitch
I'm smart as trigonometry s-a-t's I'm an
anomaly please don't try and get like me we most
dope no photos, we most dope no photos
