i know you gotta feel this
im on some real shit (x 3)
i know you gotta feel this
im on some real shit (x 3)
yo check it out
im on some real shit (x 3)
i know you gotta feel this
im on some real shit (x 3)
lets go

i put my hoodie down & take a look around
sound that shook a town, man it feels good to smile
so i shouldnt frown when the night is lookin down
mirror mirror on the wall
who's the smoothest crook around
takin some dollas & making away from their problems
shakin the ?
cuz they ? the face of a robber
actin goofy, absolutely
cuz my passion suits me so blast it to us to us please
i see the world with four eyes
hip hop tour guide, hear the war cries
rap or die
wanna get signed
drive a four door ride to be more fly
till then i'll just sore by
with a wave
im a bat in the cave, sit back in the shade
when im passin the haze
misbehave, im a trouble makin teenager
beat raper, ? paper to please haters
seat takin
three term mayor
gettin re-elected three terms later, uh
i've seen greater days
so let the haters play the game
dreams fade away when you make the predator the
prey
the ace of spade can make his way to save the day
but from the start the clove of heart was diamond
now im in, zion, flyin through the skyline
the game on my back i got five spines

black cat with nine lives
and time flies by, so i got one life to lose it
but how will i use it
i put it all in the music
cuz yall ?
fold away before they hand ya cards

broke ass rapper, now your dancin with the stars
im handlin these ?
like a sip of situation
bassin on them cats who dont fit in the equation
patience is a virtue but fuck it i want it now
get my record deal ready, get diddy up on the dial
hello, whats up puffy, im on my grind & hungry
? them other people they gon love me, trust me
cuz these older cats are getting a lil rusty
its time for a change like borack said
& i dont care, hip hop is not dead
spit hot lead but none of these haters get shot dead
they dont bother me
i'll leave em playin for my ?
kick back have a laugh
while you complain about your life
girl you hate mac & you say you gon fight
its all good bro, you entertainment for the night
like ima be mad, you hatin cuz im white
do alot of cryin lettin pain out on the mic
cuz, overall im iller than most of yall
yall ?
never ever gone for it all
you scared of a lil risky coachin call
what happen? i thought you was a know it all
i stay smokin well haze, got a potent smell
it takes me back to kick your ass back at show & tell
i wanted to show people all of my ? peoples
have a dude come up like yo, i know people
the need for dead presidents
? ? evil, so lethal, police will always try to beat you
seat you down, tryin to have you run yo mouth
bring ya mother out, look what your son is now
see my mom she know her son is well
the youngest child, she's been doin this for a while
911 on the dial with a smile
cuz im wild, ?, child, style
to focused on my grind to eve catch a F
my heart in it now ? with five seconds left
i want the best wont settle for nothing less
& i always stay dressed in something fresh
so keep your head on straight & show respect to the
game
& thats what this beat messaged my brain
