Yeah,
I be eatin' that pink slime
Hahaha
Here we go

Got my chick makin' drinks with that cream
While i'm taking sips of that lean
Life ain't a bitch, if you make a wish
You might break a record like me
Got a mil at the age of 19
But i may just give that back
To show my friends i can do it again
If i start it off from scratch

All i do is rap
You can run and tell them hoes that
Plumber, it's nice with no rubber
She like when i f-ck her like that
This rap's what i do
But i been fly, been fly
You're now inside of my sick mind
That pink slime, pink sli,

Hook:
She get good grades suckin' d-ck
What more could you ask for
Big ol' butt, love to f-ck
What more could you ask for
F-ck with drugs, fall in love
What more could you ask for
What more could you ask
What what more could you ask

Go a hundred miles an hour
Ridin' around the city
Smokin' on that sour
Couple bad ones with me
Used to rock all my brothers clothes
Now designers brands got a bunch of those
Got a bunch of diamonds and a bunch of gold
Ridin body coffin like f-ck 'em though

Hoes turn bad for that mess
I'm busting nuts on her fur vest
My life is like a circus
My head's a little unfurnished
She on a roll, she needs this
Her ass round like venus
My penis, her cleavage
That freaky bitch, jesus

Hook:

She get good grades suckin' d-ck
What more could you ask for
Big ol' butt, love to f-ck
What more could you ask for
F-ck with drugs, fall in love
What more could you ask for
What more could you ask
What what more could you ask

I'm switchin' up my flows
Sellin' out these shows
Pop a bottle a don p
And spill it all on my clothes
Man mac is so grown
Made a business all on my own
These labels callin' my phone
But i made this business all on my own
Gimme that bass bitch, i'ma bass head
Love to break shit 'til it make a mess
I wrote myself another blank check
I'm f-ckin it, do the aids test
Winner heisman, i'm mvp
I'm san marino, you sandusky
Mc hammer, they can't touch me
Skateboard p, he be on that beat
