I only got a couple bucks in my pocket fuck
Spitting out these bars like it tastes very yuck
I'm way too much, just...like Shaq
Every time a hater diss a homie I don't give a fuck
Hell yeah, smoke dope bitch, just got it tattered on me
The only motherfuckers coming to the after party
No time to bullshit, no bad advice,
Been getting buzzed, spitting crack trying to bag...
Cause, I'm trying to stay kinda low key
And all the og's get the whole glory
Always pay ... to the dudes who came before me
Harder from the top, cause I thought it was lonely
Never going back to the old me, so here's the new me
A lot of motherfuckers starring in this movie
Heard it's impossible to do me
Thumbs up bitch, everything groovy

Do you remember, when you was different from the
man you are right now
Getting high in the car right now
I'm just trying to have a ball right now
Swear I want it all right now X 2

If it ain't stuck in your head I'll get the nail gun
Delivery like the dude you get your mail from
Happy shit how these bitches wave their tails
You can bet you have the ... if you never even failed
once
Taking over shit, call me pilgrim
And now we got fans who wanna film them
To be honest, it's a little too much to comprehend
Cause everywhere I go, they know they gotta let me in
Stay humble though, mama raised a gentleman
Told me be polite when you introduced to benjamins
But now I'm spending them, acting like the president
Trash ate the world, like I'm jumping round some
gelatin
And they think the...I'ma get it though, best believe it
This is shit they sure to kept it secret
But fuck it, I'ma let you see it

Do you remember, when you was different from the
man you are right now
Getting high in the car right now
I'm just trying to have a ball right now
Swear I want it all right now X 2
