[Intro]

Go and ride with me Get high with me  
You lookin' fly with me Go ride with me  
Just vibe with me Get high with me In  
the sky with me Go ride with me Get high with me  
Go ride with me [Chorus]

They tell me Im the shit Im like, duh?! Girls on my dick  
Im like, duh!?  
Gettin' stupid in this b-tch so wassup!  
Wake the whole damn wolrd homie, I dont give a f-ck  
Young rich and famous thanks for asking how are you  
Party every night thats exactly what I do  
Gettin' stupid in this bitch so wassup!  
Wake the whole damn world homie,I dont give a f-ck  
Wake up, up-up-up-up (x8)

[Mac Miller - Verse 1]

Hey, they say its so funny your nobody with mo' money,  
and the hoes love me And these other kids dont touch  
me Full contact rap no rugby Pretty boy flow while your  
girl so ugly My b-tches dont want anybody but me They  
puff trees, sip liquor and suck dick Got a lot of people  
worried about the things I say And a lot of different  
haters they bring my way I let me grill though they can  
watch the money pile While these groupie hoes try to  
hunt me down Now everyday feelin like the best day  
ever Heard its a long road but it get way better A lil'  
money in my pocket but my eyes on a million Got these  
doubters listenin' surprised when they feel him Ballin'  
like Jordan you ballin' like wilson Feelin' like a kid again  
chillin' watchin' Gilligan

[Hook x2] I dont think they want to, interrupt my party  
Please dont interrupt my party We just tryna find  
somebody for the night

[Chorus] They tell me Im the shit Im like, duh?! Girls on  
my dick Im like, duh!? Gettin' stupid in this b-tch so  
wassup! Wake the whole damn wolrd homie, I dont  
give a f-ck Young rich and famous thanks for asking

how are you Party every night thats exactly what I do  
Gettin' stupid in this bitch so wassup! Wake the whole  
damn world homie, I dont give a f-ck

Wake up, up-up-up-up (x8) [Mac Miller - Verse 2]

Hey, hear the alarm time to start the day, rub my eyes,  
light some weed Send my mind on its way, Im gone  
Somewhere in my own dimension I show these hoes no  
affection, Just party every night gettin so demented At  
that time Im lookin' in the mirror seeing to reflection  
Got me wondering why dont they get it Spend the night  
with me, Im sure you wont regret it Got some liquor on  
the way The weed is twistin' you should stay You still  
listen when they say the kid is spittin' Gettin paid but  
my differences in age got me shittin' with a rage  
'Cause it was written on a page straight sicker than  
some AIDS I came to get f-cked up I came to act well  
You came to prepare for the future I live for right now

[Hook x2]

I dont think they want to, interrupt my party Please dont  
interrupt my party We just tryna find somebody for the  
night [Chorus] Gettin' stupid in this bitch so wassup!  
Wake the whole damn world homie, I dont give a f-ck

Wake up, up-up-up-up (x8)
