chorus:

what if i'll never make it?
what if i'm never famous?
what if i'm broke,
and my whole life is been a joke?
what if nothing never happens?
what if i gotta stop rapping?
what if, what if, what if this is it?

what if i never got the chance to tell the world what i
gotta say?
when i'll die all i do is just ride away
i tried to talk about my life in every song
so you have a little something to remember when i'm
gone.
i tell you like this, i ain't pretending in the
but i tell you that i'm working and i'm getting very
strong
it won't b long 'till you hear me on the radio
but in my head i got ways to go
but i'mma take it slow, this is the way to blow
so any place i go, i know my bank can
i'm taking notes, i am hip hop
it replaces my soul if i sing to the bottom and make a
flow.
i heard the real world's cold, i'mma take your coat
be prepared, and be aware

chorus:

what if i'll never make it?
what if i'm never famous?
what if i'm broke,
and my whole life is been a joke?
what if nothing never happens?
what if i gotta stop rapping?
what if, what if, what if this is it?

expectations picking, they wonder what i'm about to do
sport interest, music i can count on you, right?
do i have it all twisted? i went from popular to
instant
my friends forgot me cause they probably seen me

onâ€¦
in anâ€¦ where i should be out at a party!
it drives me crazy, money is the due
insomnia i could wait.. something i can do to put the
work in itâ€¦
failure getting jealous, throwing dirt upon my name
burning up my pain, but i'm working through my pain
cause life's hard, 'till you learn it's just a game!
play your cards, use your letters on your scrabble
board
if you're small, put your heart into your rapping more
no money? why the fuck you're counting for?
a thousand.. trying to get up my allowances.

chorus:
what if i'll never make it?
what if i'm never famous?
what if i'm broke,
and my whole life is been a joke?
what if nothing never happens?
what if i gotta stop rapping?
what if, what if, what if this is it?
