You can send me pretty flowers you can send me  
valentines  
Send me letters every day but it won't pay  
Leap to my desire, nothing else will do  
It's goodbye and so long to you

You can hang around and love me you can hang your  
head and cry  
Hang my picture on the wall but I won't fall  
Kiss me when you're dreaming, no good that will do  
It's goodbye and so long to you

You can give me your affection you can give all your  
love  
Give me all the things I'll crave but I'll be brave  
All the things you offer, make me sad and blue  
It's goodbye and so long to you

You can call my your own darling you can call me what  
you may  
Call me on the telephone I won't be home  
Keep your old love letters, I'm all through with you  
It's goodbye and so long to you
