"How 'Bout Some Coffee"

A man escaped Jeffrey's embrace
After being drugged at his grandmother's place

He drank a cup of drug laced coffee Jeffery poured
Then he ended up on grandma's basement floor

How 'bout some coffee or a soda or some beer
He drank a cup of coffee and things didn't seem to
clear
How 'bout some coffee or a soda or some beer
Asleep from the drugged potion Jeffrey fucked him in
the rear

Having his way with the man on the floor
When grandma opened up the basement door
Because of what Jeffrey's grandmother saw
He dropped the man off on someone's front lawn
