What Have You Done Now ?!)

He was an expert at shooting guns.  
In the army he had much fun.  
He had great aim and seldom missed.  
Killing the Nazis as he made his death list.  
Howard Unrah what have you done now ?!  
You took thirteen lives in twelve minutes time.  
Howard Unrah with your gun you, shot thirteen down as  
you walked =  
Through the town.  
His neighbors gave him problems, while day after day  
he practiced =  
With his guns.  
They stole his new gate and that made him so pissed,  
that he gunned =  
Down the people on his SHITLIST!  
Howard Unrah what have you done now ?!  
You took thirteen lives in twelve minutes time.  
Howard Unrah with your gun you, shot thirteen down as  
you walked =  
Through the town
