The Green River murderer  
He's still out there  
The authorities cant' find him  
For the prostitutes slain by him  
Forty-eight and counting  
Dead prostitutes keep mounting

The Green River murderer  
He's still out there  
The authorities can't find him  
A trail of bodies behind him

Forty-eight and counting  
The body count keeps mounting

The Green River murderer  
He's still out there  
The authorities can't find him  
For the prostitutes slain by him
