

## Macabre "The Hillside Stranglers"

Angelo and Ken were cousins and friends  
Two cousins who liked prostitutes  
Cruising the night, a girl they'd invite  
In their car for a ride to the hillside  
Abduction, rape and strangulation  
That's how Kenneth and Angelo  
Got their sexual gratification  
Posed as the heat  
Snatched girls off the street  
The girls they would take  
To Angelo's place  
Tied up and raped  
No girl would escape  
Strangled they died  
Left on the hillside  
I'm gonna strangle you:  
And leave you on the hillside  
I'm gonna strangle you:  
Spread naked on the hillside  
We're gonna strangle you:  
And leave you on the hillside  
We're gonna strangle you:  
Spread naked on the hillside
