Sex sleep eat drink dream
Primal tribal apple egg
vegetable eel
I have a new canoe
but it does not have a wheel
Sex sleep eat drink dream
Private velvet animal
Oldsmobile mind
I'm sitting in the fireplace
burning up my time
Sex sleep eat drink dream

Private velvet animal
empty t.v.
they're fishing in the kitchen
but they haven't caught up to me
Primal tribal chemical
digital night
I've got to get dressed to go out
of my mind
Sex sleep eat drink dream
