I saw you the very first time
built so pretty
you looked just right
it was love at first sight
I looked real close
I touched your arm
my heart went off like a fire alarm
I was amplified
Something happens
when I hold you in my hands
I'm a different man
something happens
and I lose all sense of time
I can almost fly
Everytime I go to pick you up
I feel a little spark in my fingertips

I'm electrified
the magic touch
you feel so good
the way you respond to everything I do
I'm magnetized
Something happens
when I hold you in my hands
I'm a different man
something happens
and I lose all sense of time
I can almost fly
I love your back, I love your head
but I love it best
when I run
my fingers down your neck
