Hold tight to your faith
don't let nobody make you jaded
your love is precious,
give it to somebody who deserves it
this is what I believe in
Hold tight to yourself
don't let nobody give you hell
your life is sacred
live it right, but live it your way
this is what I believe in
All the world is a cannibal
even time itself will eat us all

but that's no reason to be a jerk
you either make it better or make it worse
I believe this. I believe it's true
I believe it
All the world is dangerous
full of homicidals and terrorists
but underneath their blanket of hate
the only thing that will survive is our love and faith
I believe in truth
and I believe in me
and I believe in you
