1. When the sun falls from the sky
and the muse begins to fly
Then she will come to wrestle me
Just as I am about to sleep
When the moonlight in the fall
Make some movie on the wall
Then she will come to tears
She's afraid of fall from reality

Ref: Walk around the world tonight
See these places " they're only in my mind
I see everything - beautiful things
I can do the garden in your hair
Visualize the city in the air
Where little faces in little squares
Talk to me
I am late
I am late

2. If a man can't learn to bend
Like a reed does in the breeze
Then how will he ever comprehend
All of life's sweet mysteries.

Ref: Walk around the world tonight!

Use your brain
Your perception
Use your imagination
Even reality is mostly in your mind
