One, dos

One, dos, tres

Love, love, love

Is the only way

Is the only way

'Cause for the world you are someone

But for someone you're the world

Love, love, love

Is the only way

Para unos el amor es despertar

Una vacuna sin comerciar

Un baile de dos que va a compas

Si la suma es buena da 3 o mas

Otros con el amor calculan interÃ©s

Y si lo rompen calculan otra vez

Oye, dime

En que lado quieres estar

Love, love, love

Is the only way

Is the only way

'Cause for the world you are someone

But for someone you're the world

Para unos el amor es caminar

Es un espejo donde mirar

Una protesta del corazÃ³n

Si no lo escuchas es respondon

Otros con el amor juegan a amarrar

Y entre los dedos se les suele escapar

Oye, dime

En que lado quieres estar

Love, love, love

Is the only way
Is the only way
'Cause for the world you are someone
But for someone you're the world

Viene, va, when love is coming
Dreaming of some loving to love
Viene, va, va, when love is coming
Dreaming of some loving to love
Viene va, viene, va, when love is coming
Dreaming of some loving to love
One love
One love

Love, love, love
Is the only way
Is the only way
'Cause for the world you are someone
But for someone you're the world
Love, love, love
Is the only way
Is the only way
'Cause for the world you are someone
But for someone you're the world
