There she was just walking down Mill St,  
She looked so fit, I just had to beat me meat  
Blonde hair, blue eyes. Do you want to try my dick for  
size?

Before I knew it, she had kicked me in the balls  
I never said a word, I couldn't walk, so I crawled  
Dead fit, nice arse, and she knew her martial arts.

I could tell that she wanted my pork, so I offered her a  
ride in my brand new Porsche  
"Do you want a weekend on my yacht in St Moritz?"

She said: "Fuck off, you liar," and smashed my  
bollocks with her fist.

She was playing hard to get, I wasn't throwing in the  
towel:  
"Do you like chicken, love? Well then, taste my knob, its  
foul (fowl)."  
Big tits, long legs, she sank a spanner in my head.  
Fuck, cunt, bastard, bugger wank, bugger wank
