Visit "[Struggle](#)" on MotoLyrics.com

This for my hustlers getting this cheddar makin money
aint shit you can tell us
We the ones take all the risks government is the one
who ship the bricks in
Man we the ones who distributes it member we fellas
cant find a job
so how the fuck we gonna eat when we cant even find a
job
mama and daddy they doing they thing working barely
even payin the bills
The streets is a jungle where I live MTV wouldn't cum in
my crib
Telling u game when I spit this shit i eat sleep and shit
the streets
So what the fuck u gone tell me
Rap or jus be all I can be hustle grind get whats mine
how to make weed stuff a dime
Fuck whoever tryna knock my shine remember bitch
ima get whats mines
Serve whatever get through the day in the same dirty
clothes for days
Aint even ate in a day or so and really I aint even
stunting no soap
Bills is do I need some food jus like chess ima bust a
move
Flip sumthin supply the food n dats jus something dat a
hustla do
I'm working 24 hour shifts fuck 12 I gota get this here
I'm working 24 hour shifts fuck 12 I gota get this here

Chorus2x

This is for the streets 2x
This is for the hoods this is for the blocks
All these crooked cops
This is for the brothers that always gota hustla day in
and day out gota make it through the
struggle

Ima make it im a g since a child I been in these streets
Hustling tryna make ends meet its plenty mo niggas
jus like me
Trapped behind violent shit right from wrong they

didn't learn dat shit
Pitchin moves that's all they learned cook it up but don't
let it burn
Gota make this money the best way we know how
Cause aint nothing funny when they cut the lights out
Mamas always workin n daddy hes gone been tired of
the struggle so god took him home
Understand stuff we go through barely even got
clothes or shoes
Forgive me god but that's all I know wheres the faith
when I need hope
No one got us right, that's y I was up all night
Getting harassed by the cops 50 deep on the block
Slamin me down in front of the folks cause I supply wat
they smoke
The street was open, so I went that's the only way how it
made since
If I didn't then I would starve n maceo wouldn't b no
star
Older brother kep me in line gave me advice told me
grind
Get yo money nigga fuck them hatas block em out
nigga get this papa
Live it up we stack this cash fed time if they bust our
ass
Street nigga know how I fell maintain and keep it real
Street nigga know how I fell maintain and keep it real

Chorus2x

This is for the streets 2x
This is for the hoods this is for the blocks
All these crooked cops
This is for the brothers that always got a hustla day in
and day out got a make it through the
struggle
