We going down the road
And seeing in there
People everywhere
Love and unity is there

It's not time yet
But we don't care
It don't matter where are you from
Put your flag in the air

I represent, represent
Just one love (4x)

Wooah
Let me see your hand there, yeh! (2x)

Cuz this is carnival
We become alive
Oh no we do not fight

We gon dance alnight
So just wave your flag
Make it touch the sky
Me not stop tonight
So let me see your hands

Everybody as one
We having fun
Together jumping up
We are all under the sun
Bend on sun
We going strong
Nothing will stop us
Oh no matter where are you from

So represent... represent
Just one love (4x)

Wooah
Let me see your hand there, yeh! (2x)
