I've tried to find some common ground
Somewhere I can be unbound
By the preconceptions we have found

True strength is choosing your own side
When different worlds collide
Do you stay silent
To seem strong inside?

Who-o-oah
Do you really wanna be
Another face in the masquerade?
Do you really wanna be
Another face in the masquerade?
Do you really wanna be
Another face in the masquerade?
Do you really wanna be
Another face in the masquerade?

Do you still hide your eyes away
From the world outside your shades
Have you noticed how it starts to fade?

True strength is to face the ceiling
When the walls are caving in
Do you stay silent
When you scream within?

Who-o-oah
Do you really wanna be
Another face in the masquerade?
Do you really wanna be
Another face in the masquerade?
Do you really wanna be
Another face in the masquerade?
Do you really wanna be
Another face in the masquerade?

A transformer shell on what's within
Metal surface on a fragile skin
Do you always play only to win?

Who-o-oah
Do you really wanna be
Another face in the masquerade?
Do you really wanna be
Another face in the masquerade?
Do you really wanna be
Another face in the masquerade?
Do you really wanna be
Another face in the masquerade?
