I stand still out in the rain  
and look up at a broken sky  
every raindrop looks the same  
they fall without pretending through the night  
But water isn't always what you see  
another surface lies beneath  
Can you see this isn't really me?  
no this is someone else  
I am just beneath the surface

I die...  
I'm bleeding, I die...

And it hurries from my grasp  
it runs between my fingers and my hands  
it's like an echo from my past  
a mere forgotten future in the sand  
The water is the tide of night that comes  
a shadow pulls me down beneath  
Maybe this is who I used to be?  
but this is someone else  
I am just beneath the surface

In the pouring rain  
I'm bleeding, I die  
And I'm crying in pain  
I'm bleeding, I die...  
...I'm bleeding, I die...  
...I'm bleeding, I die...  
I, Die!

I, Die!  
In the pouring rain  
I'm bleeding, I die  
And I'm crying in pain  
I'm bleeding, I die

In the pouring rain  
I'm bleeding, I die  
And it drives me insane  
I'm bleeding, I die  
I, Die!

I, Die...
