Can I always marry to notice there's a line?  
Life was kinda scary when you were left behind  
All the loved ones lost to you  
Used to be somewhere  
You know you will follow too  
And you don't really care to just go nowhere  
(Just go nowhere)

And so you keep them all alive  
(In your head)  
I told you I know the Reaper  
No light and no eternal life  
(What'd I say?)  
I told you I know the Reaper

Sweetest go for lies,  
One of everlasting life.  
No one wants to die,  
But we do, so we hide.  
What you fail to realise  
Is there's no need to fear  
You live on in hearts and minds  
Of those who hold you dear who are right here  
(Right here)  
And so you keep them all alive  
(In your head)  
I told you I know the Reaper  
No light and no eternal life  
(What'd I say?)  
I told you I know the Reaper

(All the others)  
They already know the Reaper  
(All the others)  
They already know the Reaper

And so you keep yourself alive  
(In your head)  
You don't want to know the Reaper  
(All the others)  
No light and no eternal life  
(What'd I say?)

I told you I know the Reaper
