All by myself  
Still here the way she left me  
I'll buy myself  
Some shit to get me through this day

Skipped off to play with someone else  
Skipped off to play with someone else  
I found the note she left  
And that's all she had to say  
And so it seems my love has upped and gone away  
Yeah so it seems my love has upped and gone away

All by myself  
All by myself  
All by myself  
I'm all by myself

All by herself  
Somehow I don't believe she's  
All by herself  
I hope she makes it through okay

Skipped off to play with someone else  
Skipped off to play with someone else  
I'm out to find someone to make me feel okay  
And when I do we'll get it on seven times a day

Yeah when I do, we'll get it on seven times a day  
Day day day day day day

It's not her fault (?)  
It's not her fault (?)

Skipped off to play with someone else  
Skipped off to play with someone else  
I found the note she left  
And that's all she had to say  
And so it seems my love has upped and gone away  
Yeah so it seems my love has upped and gone away

I'm all by myself  
I'm all by myself

I'm all by myself  
I'm all by myself

All by myself
