You gonna face it!!  
justface the wall, face it all!  
face the fat bitch who suck your mama!

chorus:  
But you should stop him!  
but you take him by the arm  
go to another room and there you FUCK him!!  
you're a gay motherfucker  
but you can't face it!!!

and now you visit him three times a week  
wonder what you do there  
NO, i don't!! I know you are FUCKING him  
right in the ass!!!!

So if you look in the mirror  
you know you have to FACE IT!!!

so face it!!... face it, face, face  
FACE IT(face,face it)  
face it!!

Just face it!!
