[Hook]

Oh these times hard, yeah they're making us crazy,  
Don't give up on me baby  
Oh these times hard, yeah they're making us crazy,  
Don't give up on me baby

[Verse 1]

I'm just out here chasing my dreams girl, But it's crazy  
cause that dream cost me my dream girl  
Promise you I wouldn't change before I left, now I think  
leaving is the one thing I regret  
Cause the one thing I possess, it wasn't materials,  
wasn't checks, wasn't cars, wasn't clothes, or any part  
of success  
It was you, and without that in my life I'm depressed,  
you became the new drug I couldn't get  
And every time you came over I was on some shit,  
either too fucked up, or bitching, don't remember how  
you dress  
Even though I remember when you would lay with me  
when I ain't have a bed, buy me food and come wake  
me up with some head  
You had me like a Dread locked down, but I wouldn't  
show it, instead got on that bus and left you blowing in  
the wind  
Shit and it's fucked up cause every girl I'm with I see  
your face, now summers here and I'm sitting outside  
your place singing this shit

[Hook]

Oh these times hard, yeah they're making us crazy,  
Don't give up on me baby  
Oh these times hard, yeah they're making us crazy,  
Don't give up on me baby

[Verse 2]

I never thought for a minute, if you showed me a  
picture of my life now, that you wouldn't be in it  
Took me a couple years to say I loved you, but I meant  
it when I said it, wasn't much of a romantic, but you get  
it

Didn't really smoke, but when I rolled it up you hit it,  
and we lit it up, shotgun in our kisses  
And fuck these other bitches baby, fuck these other  
bitches in my bunk  
Staring up at all your pictures that you sent me on my  
birthday, remember that? cause I couldn't forget it  
Like I forgot yours, but I'm sorry and I said it, I admit, I  
fucked up, and I lied, but this is true  
I don't know what home is because I'm lost without you,  
just like our favorite song, yeah blink 182  
Now I just turn it off, when it comes on, I wish I hated  
you  
I used to have someone at 3am that I could call, now it  
just rings and I don't get nothing at all  
Where you at girl?

[Phone Call]

[(Phone Rings) Kells:] Come on pick up... Yeah hold on  
give me a minute

[Operator:] "Your call has been forwarded to an  
automated voice messaging system"

[Girl:] Hi, Uhm, I'm not here right now, Please leave a  
message [Beep]

[Kells:] Damn...

[Hook]

Oh these times hard, yeah they're making us crazy,  
Don't give up on me baby  
Oh these times hard, yeah they're making us crazy,  
Don't give up on me baby
