The girl of my dreams is giving me nightmares
I found her on tv now i see her everywhere
She's got style she's got violent ways about her
She's got me so that i can't dream without her
She's giving me nightmares
She's giving me nightmares
She's giving me nightmares
She's giving me nightmares
My bedside is loaded
My bedside's exploded
Hard to believe you can't get what you dream
But if you try sometimes you might find
You get what you steal
The girl of my dreams is giving me nightmares
I don't know what it means but she's got multi-coloured
hair
When she stands in the sand i dream of peaches
And i'm not sure what that means either
She's giving me nightmares
She's giving me nightmares
She's giving me nightmares
She's giving me nightmares
People keep on staring
People keep on staring
And it's one flat pick to get started
Two flat pick to get started
My ceiling is on fire
My feelings are on fire
Hard to believe you can't get what you dream
But if you try sometimes you might find
You get what you steal
The girl of my dreams is giving me nightmares
Someone wrote a message on my balls
My breakdown is coming running
Seeing's bleeding and bleeding's believing
My ceiling's on fire
My feelings are on fire
My feelings
My feelings
My feelings are on fire
Hard to believe you can't get what you dream
But if you try sometimes you might find

You get what you steal
