"Who's Got Da Pills?"

Visit "[Who's Got Da Pills?](#)" on MotoLyrics.com

I find myself in an awkward situation,
I've come out tonight without my medication.
It doesn't look good to me,
it doesn't look good to you,
I've come out tonight without my medication.

Who's got the pills when I need them?
Who's got the pills when I need them?
Who's got the pills when I need the pills?
If I had the pills, I'd be swingin'.

I don't need none of this useless information,
it shouldn't require such in-depth explanation.
Are you gonna be good to me?
'Cause you know I'd be good for you,
but I've come out tonight without my medication.

Who's got the pills when I need them?
Who's got the pills when I need them?
Who's got the pills when I need the pills?
If I had the pills, I'd be singin':

Who put the bomp in the,
bomp shewomp shewomp disco?
